Four Seasons Florist

Four Seasons Florist was opened in 1977 by Harold and June Grundy to run alongside their thriving business at Stella Maris Nurseries. In 1988, their daughter Hazel joined the team and has continued to run the shop to this day. Four Seasons has had the pleasure of working with Hollowells for over twenty years so we have developed a wonderful working relationship during this time. We are always happy to receive orders from Hollowells or deal with their bereaved families direct. It is an honour to be able to provide such personal tributes and we strive to make a lasting memory for the family.

We offer a full floral service from simple posies to grand casket sprays, we can make named tributes and specialised bespoke arrangements. For the Eco Coffins we offer a personal casket dressing service, adding foliage swags and floral posies of your choice.

Hazel and the girls at Four Seasons would like to congratulate Hollowells on 30 wonderful years and look forward to continuing our professional relationship for many years to come.
